Explanation - These amendments clarify language included in HB 5 that eliminates the Frohner mine reclamation project, authorized to the DEQ in the 2005 session. The amendment further establishes an appropriation for \$300,000 to the DNRC to control invasive aquatic species in state waters.

To balance the "natural resource projects fund, the appropriation could be reduced by/to \$150,000. This action would provide a 2013 biennium EFB of \$1,637.
